- Enjoying the training session while learning within an environment that promotes safer and more injury-free techniques: It is our goal for the keepers to have fun and to enjoy playing the game of soccer. We strive to make every aspect of our program enjoyable for all keepers.
- We want our keepers to have the desire to play on their own, watch soccer on TV, attend live soccer games and to read about the game. We promote a "love" for the game!
- We want players to take responsibility for their own development. We believe this to be the key to success.
- Motivate Players to Play: Our aim is to have Academy players graduate with the desire, attitude and tools needed to become a more developed and skilled player.
